So you should hurry to become registered. Looking forward for this race. It starts on the 20.7. at 5 o'clock in the morning.

And the finish for the last one to be in time is on the 21.7.13 at 9 o'clock in the morning.

Missed already a race in Vicenza (Italien), since have been to late. The <http://ultrabericus.it> has been already booked out since last month. So keep an eye on the race before.
